SUMMARY

Highly creative, driven, and enthusiastic Lead Instructional Designer with over fourteen years of experience creating functional and engaging digital learning environments for faculty and students.

EXPERIENCE

Lead Instructional Designer

California State University, Long Beach June 2020 - Present, Long Beach, CA

- Develops and implements professional development programs and strategic planning of campus initiatives to enhance teaching and learning in a variety of modalities at CSULB, in close collaboration with the Directory of Instructional Technology Support Services (ITSS), and other Lead Instructional Designers.
- Leads a team of 4 Instructional Designers who support special projects and address the needs of the College of Professional and Continuing Education (CPaCE) and the stateside colleges as needed.
- Utilizes the ADDIE Lifecycle to evaluate learning experiences in the campus' 2 main Learning Management Systems, Brightspace D2L and Canvas (currently in migration), as well as other academic technologies supported by Academic Technology Services (ATS).

Instructional Designer (Contract)

Southwestern College September 2013 - June 2023, Remote

- Worked directly with the Director of Instructional Design on several projects to build and maintain standardized course materials in program-wide courses offered in Blackboard.
- Developed and revised undergraduate and graduate courses to match the program curriculum in collaboration with faculty and SMEs.

Academic Technology Support Specialist

Brandman University (now the University of Massachusetts Global) July 2007 - May 2020, Irvine, CA

- Implemented various projects for the Competency-Based Education (CBE) programs in direct conjunction with the Director of Digital Learning Solutions.
- Built over 200 courses using content finalized by Instructional Designers (IDs) and Subject Matter Experts (SMEs) within Blackboard and the CBE platform, Strut.
- Collaborated with SMEs regarding continuous improvement and implemented updates/issue fixes to their courses.
- Assisted 3 other Academic Technology Support Specialists (ATs) with the uploading and correction of content within the Blackboard LMS.
- Collaborated with ATs on courses to maintain universal design and comply with ADA regulations, as needed.
- Provided support to faculty and student users in the investigation, analysis and resolution of technical issues related to Strut and Blackboard and their integrated applications, as needed.
- Conducted live trainings to over 1000 faculty, staff, and students every session on subjects such as Google Workspace, Blackboard, and Zoom.
- Assisted the Media Team with studio production and post-production, as needed.
